Health Workforce Seminar and Networking Event

Hello again INHWE Members! It is always great to see fellow colleagues within our network running free events on important topics in health workforce education. This is the case with INHWE members from RCSI who are running a free **Health Workforce Seminar and Networking Event** which will take place from **6:00pm to 8:00pm** on **Wednesday, November 8, 2023** at the Albert Theatre and Atrium (Ground Floor, RCSI, 123 St Stephen's Green, D02 YN77, Dublin 2). The event will involve a keynote speech about the health workforce challenges facing the WHO European region (based on the [WHO Health and care workforce in Europe: time to act](#)), a presentation of health workforce research from Germany and Ireland, followed by an opportunity for networking and collaboration. Co-funded by RCSI Collaborate and [RCSI Graduate School of Healthcare Management \(GSM\)](#), this in-person event combines research, collaboration and networking to inspire and empower the health workforce. Whether you're a healthcare practitioner, educator, researcher or policy maker with an interest in health workforce issues, this event offers a unique platform to engage with like-minded individuals.
