

VIPE Academy Project: Mental Health and Young People

Hello again INHWE Members! We are pleased to announce that the VIPE Academy EU project has announced its **first session on Mental Health and Young People** which will take place on the **14th October 2026 at 15:00 CEST** (Central European Summer Time). The session is open to anyone who wishes to join. We are seeking facilitators from all healthcare professions who would be keen to support the session and bring their students along for interprofessional, intercultural learning. INHWE colleagues are free to sign up as a facilitator only to support the session. However, if you have students we strongly encourage you to promote this with them. We can monitor the registration process and be in communication with you regarding the uptake of your students between now and the VIPE session in October. If you do not see your institution on the Zoom registration form then please message me and I can update it before you and your students start the registration process.
