Hello again INHWE Members! We have just released our **social programme** for [#INHWEBarcelona2024](#) on the themes of health, networking and culture. There should be something for everyone at the jam packed **4th International Congress of Health Education and Research**. Join us for a 5km morning walk in the beautiful Parc Natural de la Serra de Collserola or attend our welcome reception where we create the perfect environment to connect with other delegates over complementary drinks and buffet. For those of you looking for some culture you can join us for a tour of the Monastery of Sant Cugat. If you like medieval architecture and art, the monastic site is one of the greatest examples Romanesque sculpture in Spain.
