Abstract Submission Closing Soon for #INHWEOnline2026

Hello again INHWE Members! The abstract submission system will be closing soon for the 4th International Online Conference on Health Workforce Education, INHWE Online 2026, which is taking place **from Wednesday 7th to Friday 9th January 2026**. This free three-day event fosters global, interdisciplinary collaboration by bringing together educators, researchers, and policymakers to share cutting-edge insights on health workforce education, training, and development. The conference theme, *“Future of Healthcare Education,”* emphasizes topics such as interprofessional education, digital skills and technology, holistic care, leadership, and regional aspects like IPE in Southern Europe. We are also working with the Editorial Board of [The Aesculapius Journal](#) to offer our authors and presenters the opportunity to have their paper published in a dedicated, open access, special issue of the journal. **Abstract submission is still open**, with a deadline of 17th November 2025..
