## Presenters Discount for Barcelona 2024

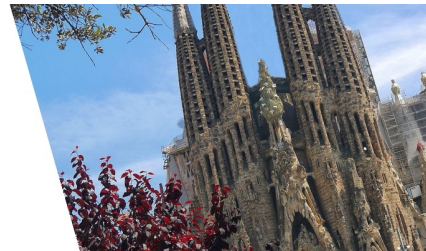

International Network for  
Health Workforce Education

**INTERNATIONAL CONGRESS OF HEALTH  
WORKFORCE EDUCATION AND RESEARCH**  
BUILDING COLLABORATIVE COMPETENCIES

BARCELONA, SPAIN  
26-27 JUNE 2024

Hello again INHWE Members! We can see through our network and social media that many of you are excited about attending the **4th International Congress of Health Workforce Education and Research** that will take place in Barcelona, Spain from Wednesday 26th June to Thursday 27 June 2024. We know that in the current climate attending conferences can be challenging with limited funds and strict funding processes. We have always tried to make our events as accessible as possible and we've been thinking about how we can support our members even more in overcoming these two obstacles. Therefore, we'd like to offer any presenters at our conference a **10% discount** on their registration fee. We believe our conferences offer excellent value but hope this small discount might help some of you attend. Additionally, we always try to notify those who submit to our call for abstracts as soon as we can (in this case by Monday 5th February 2024) as we know this can help with the process of applying for funding from universities or funding bodies.

We are always so grateful to those who contribute to our programme. We do everything we can to curate a great event but we know that without those who add to the programme the conference simply wouldn't exist. We hope to see many of you in Barcelona and there is **still time to submit as abstract** by clicking the button below!
