

Longitudinal Integrated Clerkship is an innovative curricular design in healthcare education

Valeriy Kozmenko, MD, CHSE

Shane Schellpfeffer, MEd

Mark Beard, MD

Traditional medical school curriculum in USA

1st
Basic Science

2nd
Basic Science

3rd
Clinical Rotations

4th
Elective Courses

USD SSOM CURRICULUM

1st year

2nd year

3rd year

4th year

Pillar 1 - 17 mo
Basic Science

Pillar 2 - 12 mo
LIC

Pillar 3 - 18 mo
Residency Preparation

Longitudinal Integrated Clerkship

LIC philosophy

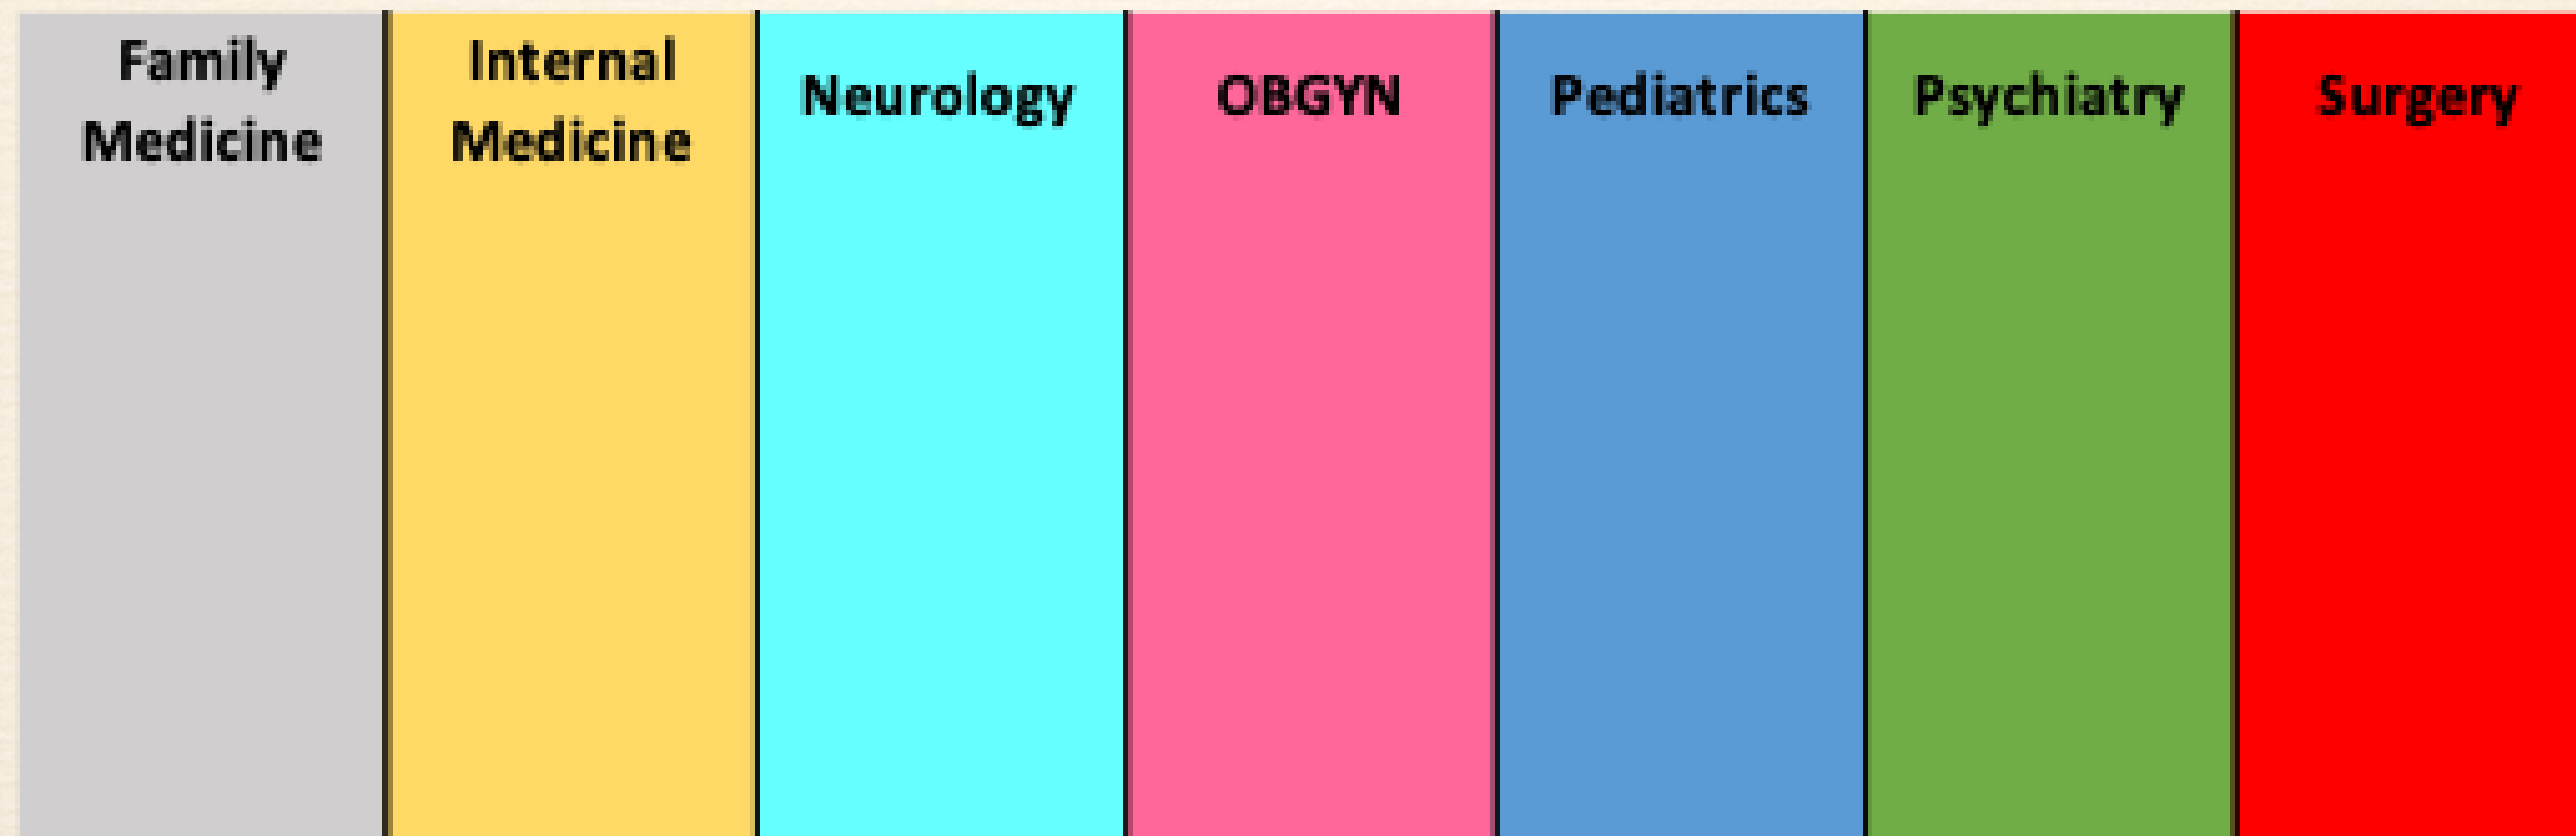

- Spacing – Longitudinal
- Interleaving – Integrated
- Testing – Relationship

LIC vs BASIC
