Hello again INHWE Members! After the launch of our [Provisional Programme](#) for the [#INHWEBarcelona2024](#), we are delighted to announce a new Call for Posters for the event. To ensure maximum visibility for your work, we will create a dedicated area for [Digital Poster Presentations](#) and will ensure that your poster is available for all networking events for both days of the conference. This is your chance to join the excellent programme we already have and we invite authors to submit abstracts on the topic of Collaborative Practice Competencies or on any topic related to healthcare education and training. You can submit a "classic" academic abstract (including introduction, methods, discussion and conclusion) or short paper on the submission system. To submit your poster abstract you can do so now by clicking below!
