

Thank You: INHWE-AoME Joint Conference 2025

Another INHWE-AoME Joint Conference, "Learning Together for Clinical Excellence 2025", concluded this month with a wonderful 2 days at the Open University in the United Kingdom. I want to extend my heartfelt thanks to everyone who contributed to making this event such a meaningful and inspiring experience.

To all our speakers, panelists, poster presenters and workshop leaders, your insights and expertise provided the foundation for an inspiring programme. Thank you for sharing your knowledge so generously, presenting in a spirit that fostered collaboration and for challenging us to think deeply and creatively.

To all attendees, your active participation and thoughtful engagement brought life to every session. The connections forged and ideas exchanged during this conference will undoubtedly influence the future of health workforce education and healthcare practice. A special thanks to the organising teams within INHWE, AoME and our hosts at the Open University. The dedication and hard work over 18 months leading up to the conference ensured a seamless, successful event.

As we now take some time to reflect on this event, I hope the inspiration, connections, and knowledge gained will continue to shape our work and strengthen our network to proceed with our shared commitment to clinical excellence. Thank you for being part of this event and this ongoing journey.

We look forward to staying connected and seeing you at future conferences!
