Leading the world
to better health

Question 1:

In your day-to-day work, what barriers have you met in bringing professionals from different disciplines together?

RCSI

Leading the world
to better health

Question 2:

What solutions have you found to these barriers? What works well for you, when bringing professionals from different disciplines together?

Question 3:

When you consider interprofessional education, what resources – e.g. books, websites, authors – have helped you the most?
